

Go 100% paperless. Transform your operations.

Automate approvals, workflows and operations.

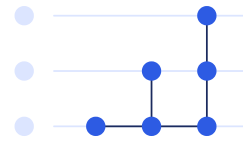

Finance, inventory, procurement, sales and approvals in one connected, paperless ERP.

BEFORE & AFTER

Why Businessflo?

Five things that hold legacy ERPs back — and how Businessflo answers each one.

THE LEGACY PROBLEM

01 ~~Manual & disconnected~~

Fragmented data, delayed decisions.

End-to-end automation

Workflows, approval governance and auto-notifications replace manual steps.

02 ~~Zero real-time visibility~~

No single source of truth for leaders.

Unified live dashboard

Finance, Manufacturing, Supply Chain and HR, live on one platform.

03 ~~Rigid & hard to scale~~

Heavy customisation, long cycles, downtime.

Modular & infinitely flexible

Start with what you need; add integrated modules as you grow.

04 ~~Fragmentation at scale~~

Built for your budget.

Transparent pricing, no hidden costs — enterprise ERP at a fraction of global-vendor pricing.

05 ~~Delayed time-to-value~~

GO LIVE IN

4-12 weeks

A proven 5-phase methodology that minimises disruption — productive from day one.

WHAT IT DOES FOR YOU

Built to run the business.

FBR Digital Invoicing

Sales invoices, debit and credit memos go straight to FBR Digital Invoicing and print with the FBR QR code.

Books that post themselves

Every transaction posts itself to the books through posting profiles, allocation rules and recurring journals. No re-keying.

Approve on the go

Multi-level, amount-based chains. Act from your inbox or by one-click email, with a re-check for sensitive approvals.

Budgets that say no

A purchase order that exceeds its budget is blocked unless someone confirms an override. Overspending stops at source.

Automatic bank import

Daily MT940 bank statements are imported and posted automatically, with a dedicated bank reconciliation screen.

Many companies, one system

Switch company or branch in one click, keep master data central and trade between your own companies.

Ask AI on any screen

A built-in assistant answers from the data on screen. Each company chooses Claude, GPT or Gemini.

E-signatures & WhatsApp

E-sign agreements through a WhatsApp or email link with a one-time code, every signing logged. Share documents on WhatsApp.

■ **Every request routed, every action audited, every number live.**

Tax, benefits, EOBI/SESSI

Recruitment

ATS, interviews, onboarding

Training Management

Attendance Integration

Biometric sync, geo-fencing

Mobile

01

Mobile ERP / ESS App

Approvals, notifications, dashboards, expense claims

INDUSTRY SOLUTIONS

Shaped for your industry.

Deployed across diverse sectors — each implementation shaped by deep domain knowledge.

4 SECTORS
1 PLATFORM

01

Manufacturing

BOM, production planning, resource allocation and real-time analytics — every step seamlessly integrated.

- ✓ Discrete / process production
- ✓ BOM, formulas & routing
- ✓ Serial & lot-based production
- ✓ Estimated vs actual costing
- ✓ Mfg orders & confirmations
- ✓ Work centers & utilisation
- ✓ Raw-to-finished traceability
- ✓ Quality & defect tracking

Trading & Distribution

Sales, purchases, logistics and inventory in one place — with tighter finances and vendor collaboration.

- ✓ Customers & vendors
- ✓ Precision pricing & discounts
- ✓ Batch & serialised inventory
- ✓ Requisitions, RFQs & POs
- ✓ Item variants & multiple UoM
- ✓ Sales forecasts & targets
- ✓ Stock tracking & replenishment
- ✓ QC & subcontracting

02

03

Service & Maintenance

From field service dispatch to SLAs, warranty and preventive maintenance — with full visibility.

- ✓ Requests & work orders
- ✓ Field service management
- ✓ Serialised equipment tracking
- ✓ Preventive maintenance plans
- ✓ Service orders & billing
- ✓ Contracts & warranty claims
- ✓ Spare parts management
- ✓ Inspections & analytics

Real Estate

For developers, brokers and property managers — from land acquisition to unit sales and handover.

- ✓ Land, tower & unit setup
- ✓ Payment plans & collections
- ✓ Customer portal access
- ✓ Contractors & materials
- ✓ Bookings & sales agreements
- ✓ Agent commissions
- ✓ Document vault & approvals
- ✓ Snags, handover & title

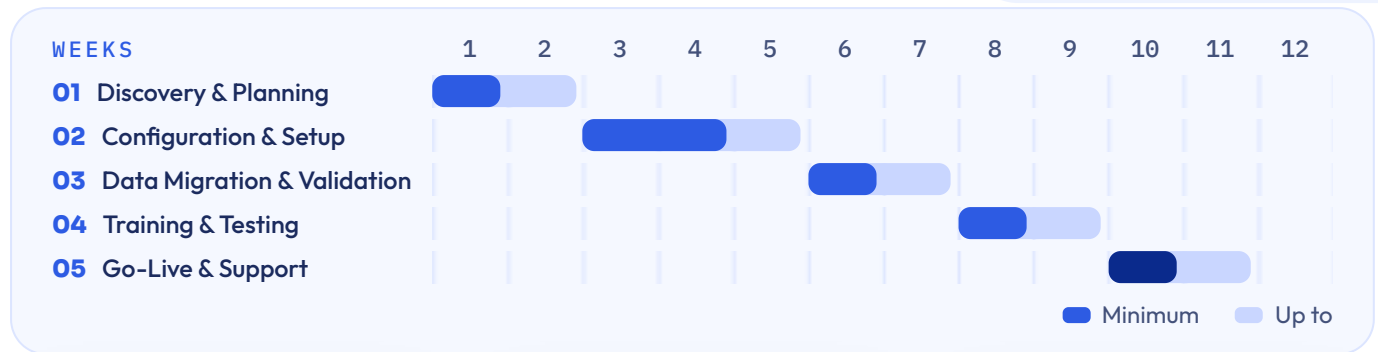

04

METHODOLOGY

Implementation timeline.

Our proven 5-phase methodology minimises disruption and maximises business value from day one of go-live.

01

1-2 WEEKS

Discovery & Planning

- Workshops & requirements
- Process mapping & gap analysis
- Architecture & integration
- Charter & responsibilities
- Change management plan

02

2-3 WEEKS

Configuration & Setup

- Master data setup
- Module configuration
- Workflow & approval routing
- Integration configuration
- User roles & permissions

03

1-2 WEEKS

Data Migration & Validation

- Cleansing & legacy extraction
- Historical data migration
- Data quality review & sign-off
- Parallel run preparation
- Cutover & rollback plan

04

1-2 WEEKS

Training & Testing

- UAT on real scenarios
- Role-based end-user training
- Super-user & admin training
- Quick reference guides
- Issue log & UAT sign-off

05

1-2 WEEKS

Go-Live & Support

- Controlled on-site cutover
- 30-day hyper-care support
- Daily stand-ups in weeks 1-2
- Issue tracking & root cause
- Optimisation review

AFTER GO-LIVE

30 days

Hyper-care support

Every issue tracked through to its root cause.

FIVE PHASES • ONE GO-LIVE

Go live in 4-12 weeks

From discovery workshops to 30-day hyper-care support.

What our clients say.

“ Real-time visibility boosted efficiency, reduced costs, and minimized stockouts. ... Businessflo ERP is a game-changer for operational excellence and financial success.

IR

Syed Iqbal Rafat

CEO & Managing Director, Sitech Pharmaceuticals (Pvt.) Ltd.

“ ...the implementation of Businessflo ERP has brought positive changes to our supply chain, manufacturing, and finance processes.

SZ

Syed Zeeshan Haider · Director, ITT Foods (Pvt.) Ltd.

“ The best part is that it has made our work easier and our environment paperless, resulting in a more streamlined and eco-friendly approach.

NS

Naveed Shaheen · CFO & Corporate Secretary, VSolar (Pvt.) Ltd.

“ Businessflo ERP has significantly enhanced our financial control at Aura Foundation. ... Overall, it has had a remarkable positive impact on our organization.

ST

Saeed Jamal Tariq · Al Umeed Rehabilitation Association (AURA)

“ Today, we see better coordination between production, warehouse, and quality teams, along with clearer reporting and improved operational discipline.

MU

Muhammad Uzair · Manager Finance and ERP Implementation, Danpak Food Industries (Pvt) Limited

“ The system gives us real-time visibility of inventory movements, costing, receivables, payables, and overall cash flow...

MV

Muhammad Hussain Vohra · Chief Financial Officer, Greeno Corporation Limited

“ ...we found Businessflo to be significantly more process-oriented, operationally aligned, and control-driven for our pharmaceutical environment.

AA

Ali Ashraf · Director Finance & Corporate Services, Oncogen Pharma (Pvt.) Ltd.

“ What impressed us most was the practical understanding of real manufacturing processes and the structured implementation planning approach.

KS

Khurram Shahzad · General Manager – Factory, Zaiqa Food Industries
